

English II Honors Summer Reading

Students must read the following novels and complete the assignment associated with each novel.

Novel choices:

The Alchemist (Paulo Coelho)

1000 Splendid Suns (Khaled Hosseini)

Fievel's Child (Dalene Matthee)

With each piece of literature, students will create a character dairy. With the character diary you must select a character who appealed to you. You need to write an entry for each chapter. Make sure that your diary follows the following:

- A diary entry should be in first person from the selected character's point of view.
- Each entry should include a summary of what happened in the chapter OR elaborate on a major scene.
- The diary entry should include a personal statement (comment from the character regarding the events of the chapter) from the character's imagined point of view.

You will need to place all diaries in one notebook. Do not mix the novels together; make sure there is a distinct division between each novel.

These are due the day you return to school from summer break! Enjoy!
